On 25 November 2010 Margherita Pavesi Mazzoni, Italian artist and a friend of our community since longtime, has passed from this world to the Father.

Her evocative icons, which strongly invite to prayer, are transfigured wooden boards. To those who contemplate them, they open the eyes up to the invisible, they invite to penetrate into heavenly lands, they open spaces of inhabited silence, they point to the divine presence.

Now Margherita is in the light and peace of the Lord and she prays for all.

We are close to her sons and to all her friends with our affection and our prayer.
